Jim,

Thank you for letting me know. When plans are finalized please let me know. Beau, Dad and I would all like to be there. Best, Hunter

Per your request.....just a brief note to say that Grace passed away this weekend.

Jane, Rick and Rex are have not completed final arrangements yet, but are tentatively planning on calling hours on Friday evening, October 10th and the burial service on October 11th.

Jim

I don't agree with anything in this email and you have no right to make unilateral decisions regarding my business matters without my explicit consent. There is no reason you should have access to any account related to Owasco Skaneateles, RSP, Rosemont Seneca, RSP Advisors Eudora etc... you are not a partner in any of these named companies or the myriad of other companies I own outright or by a majority and I terminated you as an at will employee for gross negligence. Also if you continue to sit with friends of mine and relationships that are mine and defame me I will sue you for defamation of character and embezzlement and for the debt with you still have not contributed your supposed 25% share of.

George you may be conflicted out for some unknown reason to me but I don't think I remember Eric engaging you as his personal attorney. I am positive you are my personal attorney.

Eric when I get calls from the likes of Douglas and Doug independent of one another saying "just had lunch with Eric do you know what he is saying about you?" When I hear that from Robi and Chris and Fran and etc... what the fuck do you think I am going to do. We are no longer just done as business partners you should consider moving to somewhere in Florida I'll never go. Naples is perfect you can live in perpetual time share with your parents and talk about what a horrible person I am.

Hunter,

Hoping we can resolve a few pressing items in the below emails as soon as possible.

- 1) Let me and/or George know if you have any comments on the bullets outlining a proposed agreement structure so we can begin executing on that. If you are in agreement we can do a term sheet reflecting that.
- 2) I want to make sure you saw the emails re: the BHR registered capital contribution and are OK with sending the \$150,000 Jonathan sent in the form of a loan back to BHR. If I don't hear back by COB Monday, I'll assume you are still OK with it as we had discussed it back in the summer and you agreed to it then.
- 3) I also want to make sure you are OK with the proposed distribution of the money that will come in from Abel as part of the CAF success fee next week. Everything I proposed to use the money for are for Rosemont Seneca Advisors expenses between now and the end of 2017 split 75/25 so it should be pretty straightforward. I have reattached the spreadsheet with those expenses detailed on it. After expenses you should have an additional \$25-30,000 which we will transfer Owasco. If I
